

Dear Church Leader,

In your hand you have the registration pack for the SHINE weekend!!! Congratulations on taking time to check it out! SHINE is a weekend designed for girls to come together to learn, serve, worship, and grow. To be quite honest one of the greatest features of the weekend for the girls is that boys are not involved! They greatly enjoy the time with less pressure and distractions! The weekend is November 12 & 13 at Webster Conference Center.

If you will take a look at the poster you will notice the theme is Truth! Much of the weekend will be spent recognizing lies that are believed as Christian young women and the truth that will set them free. It will be a time of contemplating our relationship with Jesus, our worth, our faith, and our purpose. Some outstanding women who have a heart for our students will teach the classes.

Jami Smith is a talented musician and speaker and will be joining us at SHINE. She will be leading in worship and sharing her heart with the young ladies. Jami has been with us before and we are definitely excited to have her joining us again. You can find more information about Jami and her ministry at www.jamismith.com.

One of our missions projects will be a giant leaf raking party at Webster Conference Center. We are asking that you bring rakes so you will be able to join in on the fun! We will also have several other mission opportunities with details coming.

May I mention that Friday night will include the traditional PJ party! This year it will be highlighted with a Giant Sundae bar, coffee, and beverages! We will also have several activities planned in the gym. The laughter and girl talk will be in ample supply!

If you have attended SHINE in the past we will look forward to seeing you again! If you have not attended before, please take some time to check it out and consider it for your young ladies. It has been a life changing experience for many young women and part of the foundation in their journey with Jesus.

If you have any questions please feel free to email me at cooke1@hotmail.com. Be sure and put SHINE in the subject line. I believe in what we do at SHINE. Any time we can take concentrated time to instill more of who God is into young ladies lives, pray for them, and invest time in them it is nothing short of an eternal investment!
